

Dear 4WD Tasmania members,

“WHAT DOES 4WD TASMANIA DO FOR ME” or “WHAT DOES MY CLUB GET FOR ITS MONEY?”

What members do get is a dedicated group of people that go into negotiations with government body's alike, To maintain or try to improve access into area's, arrange 4WD insurance, events and other issues that relate to your chosen form of relaxation. However this group is only as strong as the membership that supports it.

If clubs choose not to attend southern or state 4WD Tasmania meetings the executive is bound to a certain extent as they do not know if they are truly representing clubs and there views on arising matters. We also maybe missing out on valuable input from clubs in regards to situations that crop up from time to time.

The meetings are now run in a fair and more efficient manner with an agenda and effective control throughout the meetings, we are achieving real outcomes, But to be representative to all clubs we need your input.

Meetings are now held on the second Wednesday of every second month at the Maypole Hotel Newtown in there upstairs meeting room.

The next meeting will be on the 12 November starting at 7.30PM

Remember if your not in attendance your opinion cant be heard. !!!!!!!

Kind Regards

Justin Quinn
Southern Branch Chairperson
