

4WD TASMANIA NEWS MARCH 2007.

1. LOOKING FOR HELP - STATE SECRETARY.

More than a minute secretary! The position of secretary needs someone who has the time to keep up with things as they happen and take action promptly. Attending meetings with Government Departments would be help or maybe organising someone to attend or accompany would put 4WD Tasmania in the face of the bureaucrats. Out of pocket expenses can usually be recovered. The AGM for 2007 is to be held on 2 April at the Campbelltown Hotel; Starting at 8pm and finishing at 10.30 if all goes well. This position could be filled as a team.

2. AGFEST.

Steve Roberts and Geoff Whitney are putting together a display for the site and are seeking ideas to get people into the tent. Suggestions so far include Snazzy Vehicles outside, EPIRB display and demonstration, HF Radio info, PowerPoint and JPEG movies and displays of photos. Further ideas or help with the previous ideas will be appreciated. Access has been suggested as a theme for the display and a way to get this across is important.

Finally volunteers are needed to man / woman the site for the duration of Agfest and the more that can help the better, if you can spare a few hours contact Steve, Geoff or me.

3. FUN STUFF.
